Difficulty: medium

Description
this is a foreman server was previously working. all over sudden, it stopped working and give fact cache invalid message when the discovered client boot up and not able to register the message to foreman. it get 500 response from foreman. see screenshot and foreman-debug in the attachment.

thanks,

History
#1 - 07/31/2015 10:44 AM - Dominic Cleal
- Project changed from Foreman to Discovery

This looks like bug #9857.

#2 - 07/31/2015 10:47 AM - tony zheng

interesting... this same client was working before through... i merely deleted it and trying to re-discover again.

#3 - 08/03/2015 06:00 AM - Lukas Zapletal
- Status changed from New to Need more information

Please note a workaround, set 'ignore_puppet_facts_for_provisioning' setting to false (Administer -> Settings).
Close the bug if this fixes the problem. Thanks!

#4 - 08/03/2015 06:01 AM - Lukas Zapletal

Off topic: We'd appreciate putting your company on http://projects.theforeman.org/projects/1/wiki/Who_Uses_Foreman if that's possible. Thanks. :-)

#5 - 08/03/2015 09:40 AM - tony zheng

yes that did worked.

Cool!

yes you can but just so you know we are still in the experiment stage of foreman, once everything working then we will make it production. let's make that happen ;)
