Fixes #13960 - Fix coded options for apipie 0.3.6
This is broken on other fields too. It's weird that options are wrapped in code tags. I wonder if that has something to do with it?

Clamp::UsageError (option '--download-policy': value must be one of 'immediate', 'on_demand', 'background'):

Redmine is swallowing the code tags. Here's a screenshot:

- Status changed from New to Ready For Testing
- Assignee set to David Davis
- Pull request https://github.com/theforeman/hammer-cli/pull/196 added

- Status changed from Ready For Testing to Closed
- % Done changed from 0 to 100

Applied in changeset commit:aace9caf9a452c54f316d9b0aef52ed79591c5f5.

This is a general bug in hammer-cli and should be contained in the foreman 1.11.0 release.
