Foreman - Bug #17277
Host Properties Links not Quoted
11/08/2016 02:05 PM - Mac Reid

Description
When clicking links on any property of a given host, the resulting url does not quote the search information (minus the hostgroup property).

For example, the Operating System property:

RHEL Server 7.1

Clicking on the Operating System url ends up with a search of:

os_description = RHEL Server 7.1

Rather than:

os_description = "RHEL Server 7.1"
