**Description**

We can remove all these files:

https://github.com/theforeman/foreman/tree/develop/webpack/assets/javascripts/react_app/components/common/Panel

And switch to use the react-bootstrap implementation:

https://react-bootstrap.github.io/components.html#panels

The only component who use this Panel is the ChartBox:

https://github.com/theforeman/foreman/blob/develop/webpack/assets/javascripts/react_app/components/statistics/ChartBox.js
