SELinux - Bug #23619
SELinux disable script does not remove foreman_container_port_t

05/17/2018 07:56 AM - Lukas Zapletal

Status: Closed
Priority: Normal
Assignee: Lukas Zapletal
Category: Target version: 1.18.0
Difficulty: Pull request: https://github.com/theforeman/foreman-selinux/pull/80
Triaged: Fixed in Releases:
Bugzilla link: 1577818

Description

Disable script currently does not work:

```
[root@qe-testing-rhel6 ~]# foreman-selinux-disable
libsemanage.semanage_direct_remove_key: Removing last foreman module (no other foreman module exists at another priority).
libsepol.context_from_record: type foreman_container_port_t is not defined (No such file or directory).
libsepol.context_from_record: could not create context structure (Invalid argument).
libsepol.port_from_record: could not create port structure for range 2375:2375 (tcp) (Invalid argument).
libsepol.sepol_port_modify: could not load port range 2375 - 2375 (tcp) (Invalid argument).
libsemanage.dbase_policydb_modify: could not modify record value (Invalid argument).
libsemanage.semanage_base_merge_components: could not merge local modifications into policy (Invalid argument).
/usr/sbin/semodule: Failed!
```
