Foreman - Feature #25436
get host power state via api
11/13/2018 08:06 AM - Timo Goebel

Status: Closed
Priority: Normal
Assignee: Peter Lehwess
Category: API
Target version: 1.22.0

Pull request: https://github.com/theforeman/foreman/pull/6271

Triaged: Yes

Description
Currently, Foreman supports to set the power state for a host, but there is no endpoint to get the current power state. A new API action should be added to add the current power state to Foreman.
