Foreman - Bug #25524
allow matching prerelease versions in requires_foreman_plugin
11/21/2018 09:59 AM - Ales Dujicek

Status: Closed
Priority: Normal
Assignee: Chris Duryee
Category: Plugin integration
Target version:

Difficulty:
Pull request: https://github.com/theforeman/foreman/pull/6313
Triaged: No
Fixed in Releases: 1.21.0
Bugzilla link: Found in Releases: 1.21.0

Description
Katello nightly does not start with tfm-rubygem-foreman_scc_manager plugin

1. yum install tfm-rubygem-foreman_scc_manager
2. systemctl restart httpd

load UI:

Web application could not be started

ERF72-4785 [Foreman::PluginRequirementError]: foreman_scc_manager plugin requires the katello plugin >= 3.7.0 but current is 3.10.0.pre.master (Foreman::PluginRequirementError)
/usr/share/foreman/app/registries/foreman/plugin.rb:193:in `requires_foreman_plugin'
/opt/theforeman/tfm/root/usr/share/gems/gems/foreman_scc_manager-1.4.0/lib/foreman_scc_manager/engine.rb:22:in `block (2 levels) in <class:Engine>'
/usr/share/foreman/app/registries/foreman/plugin.rb:74:in `instance_eval'
/usr/share/foreman/app/registries/foreman/plugin.rb:74:in `register'
/opt/theforeman/tfm/root/usr/share/gems/gems/foreman_scc_manager-1.4.0/lib/foreman_scc_manager/engine.rb:20:in `block in <class:Engine>'
...

When I changed
/opt/theforeman/tfm/root/usr/share/gems/gems/foreman_scc_manager-1.4.0/lib/foreman_scc_manager/engine.rb

to

requires_foreman_plugin 'katello', '>= 3.10.0.pre.master'

A class was passed to `:class_name` but we are expecting a string. (ArgumentError)

package versions:
katello-3.10.0-6.el7.noarch
foreman-1.21.0-0.201811201830git6bbaa990.4.develop.el7.noarch
tfm-rubygem-foreman_scc_manager-1.4.0-3.fm1_20.el7.noarch

Revision 5311bb90 - 12/11/2018 09:34 AM - Chris Duryee
Fixes #25524 - allow matching prerelease versions

Previously, `requires_foreman_plugin` did not account for prerelease
versions, so if you required Katello 3.8 or later, Katello 3.10
prerelease would not satisfy the requirement.

This commit adds a ‘allow_prerelease’ parameter which is enabled by
default. When set to true, prerelease versions are acceptable for
version matching.

For example:

```
ruby
requires_foreman_plugin 'katello', '>= 3.8.0'
requires_foreman_plugin 'katello', '>= 3.8.0', true
```

History

#1 - 11/21/2018 06:47 PM - John Mitsch
- Status changed from New to Need more information

Do you know if the foreman_scc_plugin works with standalone foreman?

#2 - 11/22/2018 07:05 AM - Ales Dujicek
- Status changed from Need more information to New

That plugin is in katello repository, should it work without katello?

Anyway, it doesn't.

It looks like the version matcher doesn't like the ".pre.master" at the end of the string:

```ruby
irb(main):007:0> Gem::Dependency.new('', ' >= 3.7.0').match?('3.10.0')
gem.rb(main):008:0> Gem::Dependency.new('', ' >= 3.7.0').match?('3.10.0.pre.master')
```

#5 - 12/05/2018 04:52 PM - Chris Duryee
I think if foreman supported setting the "prerelease" attribute when matching versions, this would work. For example:

```ruby
irb(main):005:0> matcher = Gem::Dependency.new('', ' >= 3.7.0')
gem.rb(main):006:0> matcher.prerelease = true
gem.rb(main):007:0> matcher.match?('3.10.0.pre.master')
gem.rb(main):008:0> matcher.prerelease = false
gem.rb(main):009:0> matcher.match?('3.10.0.pre.master')
```

#6 - 12/05/2018 04:58 PM - Chris Duryee
- Target version deleted (Katello Backlog)
- Subject changed from foreman_scc_manager to allow matching prerelease versions in requires_foreman_plugin
- Project changed from Katello to Foreman
