Description
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1654263

Description of problem:
Non-admin user can't generate report if it has any user input. Not even if they have all ready-made roles + reporting related rights. Reports without user inputs can be generated.

Version-Release number of selected component (if applicable):
Tested on Sat 6.5 snap 5

How reproducible:
Deterministic

Steps to Reproduce:
1. Create a user that is not admin, with correct taxonomies and all Roles
2. Log in as that user
3. Monitor -> Report Templates
4. Generate "Host statuses CSV"
5. Submit

Actual results:
1) Pop-up error: "ERF47-7719 [TemplateInput::ValueNotReady]: Input 'hosts' is not ready for rendering"
2) Traceback (attached)

Expected results:
Report generated

Applied in changeset 05151085593bf4d191d9d8ba8f57858bd44cb44b.

#4 - 11/30/2018 01:02 PM - Marek Hulán
- Fixed in Releases 1.20.1 added

Tomer, this means that 1.20 new reporting feature works only for admin users. If it's not too late, I'd consider this for 1.20.1 or 1.20.2. I'm setting 1.20.1 for now as well, to raise attention.
