**Description**

Cloned from [https://bugzilla.redhat.com/show_bug.cgi?id=1658157](https://bugzilla.redhat.com/show_bug.cgi?id=1658157)

**Description of problem:**

You cannot see your account name once you login into application in the right corner of the screen which is actually only one place to know your login name quickly

It is necessary to use any account which is not default. You can use account with any access permissions

**Version-Release number of selected component (if applicable):**

6.5

**How reproducible:**

Always

**Steps to Reproduce:**

1. Login to application by non default user
2. 
3.

**Actual results:**

Login name is not displayed

**Expected results:**

Login name is displayed for any account

**Additional info:**
