**Pull request:** https://github.com/theforeman/foreman/pull/6430

**Fixed in Releases:** 1.20.2, 1.21.0

**Found in Releases:** 1.20.1

**Description**
In partition table templates snippets cannot be used. This is a regression in 1.20 that is caused by the introduction of the template source concept. Partition tables are rendered as source string. Strings don't have a snippet source.
