Foreman - Bug #26312
[keycloak-UI] Could not specify default organization/location for users that come from keycloak

03/12/2019 11:58 AM - Nikhil Kathole

Status: Closed
Priority: Normal
Assignee: Rahul Bajaj
Category: Authentication

Target version: 
Difficulty: 

Triaged: No
Fixed in Releases: 1.24.0
Bugzilla link: 
Found in Releases: 1.24.0

Description
There is no way to specify for which org/loc user will be created in foreman.

Steps:
2. Create role in foreman with activation key view/delete/update/create permissions
3. Create usergroup in keycloak
4. Create usergroup with external usergroup as per keycloak and assign role created.
5. Login with user and visit activation key page.

Result:
Error 403 as user wont have org/loc assigned.

Expected:
Find a way to assign a default org/location to users that come from keycloak.

Related issues:
