Foreman - Bug #26749

RHEL 8 with iPXE fails due to Deprecated Options used

05/06/2019 10:53 PM - Rohan Arora

Status: Closed
Priority: Normal
Assignee: Rohan Arora
Category: Templates
Target version:
Difficulty: trivial
Pull request: https://github.com/theforeman/community-templates/pull/587
Triaged: No
Fixed in Releases: 1.23.0
Bugzilla link: 1707157

Description
ip= netmask= gateway= dns= options were deprecated since RHEL 7 but are still being used in Kickstart default iPXE. RHEL 7 Still accepted those but RHEL 8 fails to build with Error: 'ip=X.X.X.X'
Sorry, unknown value X.X.X.X
