Foreman - Bug #26910
foreman-rake puppet:import:puppet_classes problem
05/29/2019 01:42 PM - Sergey Smirnov

Status: Closed
Priority: Normal
Assignee: Sergey Smirnov
Category: Rake tasks
Target version:
Difficulty: Pull request: https://github.com/theforeman/foreman/pull/6807
Triaged: No
Bugzilla link:

Description
For example:
foreman-rake puppet:import:puppet_classes[true, master]
From: /usr/share/foreman/lib/tasks/puppet.rake @ line 89:

```ruby
84:     end
85:     exit 1
86:     end
87:
88:     require "pry"
=> 89:     binding.pry
90:
91:     puts "Changes: #{changes}"
92:     if changes["new"].empty? && changes["obsolete"].empty?
93:         puts "No changes detected" unless args.batch
94:         puts "debug"
```

Changes: ("new"=>{}, "obsolete"=>{}, "updated"=>{<any_data>}, "ignored"=>{})

require change line 92: add changes["updated"].empty?
We are have problem with import new class parameters from puppet manifests, without this fix.
