Fixes #27196 - Add roles_path to ansible.cfg

Revision bfb58d6c - 07/02/2019 10:14 AM - Ewoud Kohl van Wijngaarden
Refs #27196 - Remote empty line

This empty line breaks puppet-strings parsing which only looks at the comment block right above the class. puppet-lint-param-docs is more flexible in what it accepts so didn't catch it.
