New input in report template does not allow user to choose Resource Type

08/06/2019 02:24 PM - Ondřej Ezr

Status: Closed
Priority: Normal
Assignee: Ondřej Ezr
Category: Reporting
Target version:
Difficulty:
Pull request: https://github.com/theforeman/foreman/pull/6955
Triaged: No
Fixed in Releases: 1.22.1, 1.23.0
Bugzilla link: 1728676
Found in Releases:

Description
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1728676

Description of problem:
When you create or edit Report Template, there is no Resource type in new input (inputs tab), when value type is selected to search. Resource type is shown only after user action, for example submit.

Version-Release number of selected component (if applicable):
This was found on sat 6.6 snap 7.

How reproducible:
Always

Steps to Reproduce:
1. Create or Edit Report Template
2. Open Inputs tab, click on Add input,
3. Change Value Type from Plain to Search

Actual results:
After value type is equal to Search, there is no line with Resource Type to choose.
When steps are done and user make an action (for example user submits Report Template), then resource type is visible.

Expected results:
Resource type should be visible immediately after value type is set to search.
