Foreman - Feature #27812
Create Host password field should indicate if a password is already set globally or in a Hostgroup

09/10/2019 01:02 PM - Marcel Kühlhorn

Status: Closed
Priority: Normal
Assignee: Bernhard Suttner
Category: Host creation
Target version: 
Difficulty: 

Pull request: https://github.com/theforeman/foreman/pull/8555
Triaged: No
Fixed in Releases: 3.0.0
Bugzilla link: 
Found in Releases: 1.21.3

Description
The password field in the Operating System tab of the host creation should indicate if there is already a password set in the target Hostgroup or globally.

This could possibly look like what is shown when editing an existing Host
