Description
https://github.com/theforeman/foreman/pull/6965 added parameter_type and made it to be required which lacks backward compatibility and may break custom scripts (there is a problem in hammer as well: https://projects.theforeman.org/issues/27868)

Related issues:
- Related to Hammer CLI - Bug #27868: No way to provide type for hosts parameters in Foreman >= 1.23 added
- Related to Foreman - Feature #27544: Hosts and Hostgroups API endpoints don’t provide parameter_type and hidden_value support added
