Foreman - Bug #27907
Should be able to disable updating hostgroup from facts
09/23/2019 01:53 PM - Trey Dockendorf

Status: Closed
Priority: Normal
Assignee: Trey Dockendorf

Fixed in Releases: 2.1.0
Found in Releases:

Description
In my environment we cache the hostgroup fact in files on a system and sometimes need to update the fact in Foreman and then run puppet to update the fact on system. This is currently impossible because the fact uploaded from host will change the hostgroup in Foreman.

This has been observed in Satellite 6.5.z.

Associated revisions
Revision 74c28c17 - 03/05/2020 03:24 PM - Trey Dockendorf
Fixes #27907 - Add update_hostgroups_from_facts setting
Allow hostgroup updates from facts to be disabled via the update_hostgroups_from_facts setting
