### Description

As per [https://projects.theforeman.org/issues/28417](https://projects.theforeman.org/issues/28417) we restrict the gem version to lower versions since the newest ones break our tests.

We need to review and rewrite our tests to support the newer versions.

Fixes #28420: Unpin mocha version & fix deprecation warning (#476)

The regression introduced in mocha v1.10.0 which led to its version being pinned to v1.9.0 was fixed in mocha v1.11.2 which is currently the latest version, so it is now safe to unpin the version.

Requiring 'mocha/setup' was deprecated in v1.10.0, so I've also fixed that with the change to 'test/test_helper.rb'.
