Difficulty:
Pull request: https://github.com/theforeman/foreman/pull/7494
Triaged: No
Bugzilla link: 179239
Found in Releases:

Description
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=179239

Description of problem:

"hammer role create" now assigns "Default Location" by default. It did not do that previously.

Steps to Reproduce:
[root@dhcp-3-165 ~]# hammer role create --name test

~]# hammer filter create --permissions="view_activation_keys,create_activation_keys,edit_activation_keys,destroy_activation_keys" --role-id=32

Could not create the permission filter:
Location ids You can't assign locations to this resource

Actual results:
Could not create the permission filter

Expected results:
hammer filter can be created

**Related issues:**
- Related to Foreman - Bug #28272: can't create a filter for a role with view_organizations or view_locations permissions via API/hammer added
- Related to Foreman - Bug #29056: Hammer filter create fails if default organization is set. added
