creating host from hg doesn't resolves the user-data template

1. create a hostgroup with CR and OS that is linked to user-data provisioning template
2. create a host from that hostgroup
3. Resolve Provisioning Templates

User data template Template wasn't resolved

expected result: The user data should be resolved.

Revision 2058a4f2 - 08/02/2020 02:29 PM - Shira Maximov
Fixes #30526 - provisioning templates will be taken from CR in HG too

#1 - 07/30/2020 12:03 PM - Shira Maximov
- Bugzilla link deleted (1787654)
- Category changed from Compute resources - oVirt to Host groups
- Description updated
- Subject changed from 'Finish template' is not run on the Satellite using a template image. to creating host from hg doesn't resolves the user-data template

steps to reproduce:
1. create a hostgroup with CR and OS that is linked to user-data provisioning template
2. create a host from that hostgroup
3. Resolve Provisioning Templates

results:
User data template Template wasn't resolved

expected result: The user data should be resolved.
