Target version:

Difficulty: Team Backlog:
Tried: No
Bugzilla link: 1869918
fixed in Releases: hammer-cli-foreman-2.3.0
Pull request: https://github.com/theforeman/hammer-cli-foreman/pull/534
Found in Releases:

In Kanboard:

Description
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1869918

Description of problem:

Hammer location and organization info command outputs missing partition tables and realms.

Version-Release number of selected component (if applicable):

Red Hat Satellite 6.8 Beta

How reproducible:

Always

Steps to Reproduce:
1. Execute "hammer location info --id x" or "hammer organization info --id x" command on satellite CLI.
2. In the output all parameters are visible except partition tables and realms.

Actual results:

Partition tables and realms parameters are not part of the output given by "hammer location info --id x" or "hammer organization info --id x" command on satellite CLI.

Expected results:

Should show all parameters including partition tables and realms as these all parameters are visible under "Administer >> Locations >> Click on any location" or "Administer >> Organizations >> Click on any organization".
