### Description

**Associated revisions**

**Revision f69c9f1b - 03/29/2021 01:32 PM - Eric Helms**

Fixes #32175: Allow toggling task backup when cleaning them up

Changes the default behavior to disable task backup when enabling the task cleanup cron job. Users who still want backups kept on disk will need to set the parameter to true.

---

**Revision 2367fd7f - 03/29/2021 01:33 PM - Eric Helms**

Refs #32175: Set foreman-tasks backup to true on upgrades

For new installations, the intent is to default to task cleanup to not store backups of the tasks deleted. Since the previous behavior is to store backups on cleanup, when upgrading users should retain the same behavior and intentionally disable backups to prevent unexpected behavior changes.
