**Triaged:**

No

**Fixed in Releases:**

2.4.1, 2.5.0

**Found in Releases:**

2.3.3

**Description**

When trying to enter a number in the disk size field, either in a compute profile or during host creation, every keypress inserts a new pair of "GB"

Once the field loses focus, for example by clicking elsewhere on the page, the superfluous "GB" vanish, together with everything after the first "GB"

See attached screen recording

I guess, it is related to [https://github.com/theforeman/foreman/commit/cbf3a1f127849a8056a13d772186e290ab19b13](https://github.com/theforeman/foreman/commit/cbf3a1f127849a8056a13d772186e290ab19b13) and maybe another implementation of the "formatter"
