Revision fd3dd992 - 07/07/2021 12:05 PM - Marek Hulán
Fixes #32589 - add a support for Oracle Linux registration

The same subscription-manager flow needs to be activated also for OL. We need to make sure we install the subscription-manager explicitly, because rhn-client-tools would be installed instead to satisfy the katello-ca-consumer dependency. Once it is installed, we can proceed with the regular registration flow.
