**Description**

Landing page for browsing generic content units e.g. python packages.

Something like:

- On Navigation Bar "Other content types"
- Goes to page with table of generic content units, filtered by type e.g. python packages selected by default.
- Table has headers for name and version

Have a schema for python with needed information like endpoints, autocomplete endpoints, selectors, headers.

**Associated revisions**

Revision b51fde63 - 10/04/2021 05:35 PM - Ryan Verdile

Fixes #33435 - Other Content Types Landing Page UI
