Foreman - Bug #33671

don't warn about apipie cache when using "rake config"

10/11/2021 07:10 AM - Evgeni Golov

Status: Closed  Priority: Normal  Assignee: Evgeni Golov  Category: Rake tasks

Triaged: No  Fixed in Releases: 3.1.0  Found in Releases: 

Bugzilla link:  

Description
foreman-rake config … is often used in automation as an API to fetch/set config options. However, this sometimes includes the ugly "API controllers newer than Apipie cache! Run apipie:cache rake task to regenerate cache." warning, confusing the app trying to fetch the config.

lets hide the warning when in "config" mode too.

Associated revisions

Revision 701fff0b - 10/19/2021 02:57 PM - Evgeni Golov
Fixes #33671 - hide apipie warning in config

before this patch:

1. foreman-rake config -- -k use_shortname_for_vms
   API controllers newer than Apipie cache! Run apipie:cache rake task to regenerate cache.
   false

after this patch:

1. foreman-rake config -- -k use_shortname_for_vms
   false

Revision 4321f1bd - 03/08/2022 09:02 AM - Evgeni Golov
Refs #33671 - print apipie warnings on stderr

warnings should go to stderr, so callers can filter them out, without filtering the normal output
