Fixes #34064 - don't override magic `klass` variable

when you let(:klass), it somehow touches the `Mocha::Mock` class, instead of creating a new thing, freaking out Mocha in the process.

before:

$ bundle exec rake test TEST=test/unit/parameter_filter_test.rb TESTOPTS=-v
    #&lt;Mocha::Mock:0x0000557bf12cf750&gt;#test_0002_permits plugin-added attributes from blocks = 0.49 s = .
    #&lt;Mocha::Mock:0x0000557bf1f22e30&gt;#test_0001_permits plugin-added attribute = 0.04 s = .
    ...

after:

$ bundle exec rake test TEST=test/unit/parameter_filter_test.rb TESTOPTS=-v
ParameterFilterTest::with nested object#test_0001_constructs permit() args for nested attribute through second filter 0.52 = .
ParameterFilterTest::with nested object#test_0002_permits nested attribute through second filter 0.04 = .
    ...
