Pull request: https://github.com/theforeman/puppet-foreman/pull/1020

Fixed in Releases: 3.1.1, 3.2.0

Found in Releases: 3.1.1, 3.2.0

Description

In puppet-foreman we rely on a transitive notification from foreman::rake db:migrate via foreman_config_entry db_pending_seed to foreman::rake db:seed. In #34161 we've seen that this isn't always true. An explicit notification would be better.

Revision d86ea26f - 01/25/2022 11:13 AM - Ewoud Kohl van Wijngaarden

Fixes #34308 - Explicitly notify db:seed from db:migrate

This is similar to a293e0084d9c2d62c12ccc6a13338b5db01f8cf and the problem is that a transitive notify doesn't always happen. However, if a db:migrate happens a db:seed should always happen. So this may be a redundant specification, but it's better to be explicit than relying on implicit behavior.

History

#1 - 01/25/2022 11:15 AM - The Foreman Bot
- Assignee set to Ewoud Kohl van Wijngaarden
- Status changed from New to Ready For Testing
- Pull request https://github.com/theforeman/puppet-foreman/pull/1020 added

#2 - 01/25/2022 11:39 AM - The Foreman Bot
- Fixed in Releases 3.2.0 added

#3 - 01/25/2022 12:01 PM - Ewoud Kohl van Wijngaarden
- Status changed from Ready For Testing to Closed

Applied in changeset puppet-foremanid86ea26f7ac50cd708c17b9333a8f1bbadb3d9.

#4 - 01/26/2022 01:04 PM - Ewoud Kohl van Wijngaarden
- Triaged changed from No to Yes
- Fixed in Releases 3.1.1 added
