Revision 5f7746a1 - 03/10/2014 10:20 AM - Stephan Dollberg
 Fixes #4130 - default value for proxy import_puppetclasses --dryrun
dryrun option needs to be false and not nil

**History**

#1 - 01/20/2014 01:44 PM - Dominic Cleal

Started POST "/api/smart_proxies/1/import_puppetclasses" for ::1 at 2014-01-20 13:41:54 +0000
Processing by Api::V2::SmartProxiesController#import_puppetclasses as JSON
  Parameters: {"dryrun"=>nil, "apiv"=>"v2", "id"=>"1", "smart_proxy"=>{}}
Authorized user admin(Admin User)
  Rendered api/v1/import_puppetclasses/index.json.rabl within api/layouts/import_puppetclasses_layout (1.7ms)
Completed 200 OK in 300ms (Views: 3.9ms | ActiveRecord: 12.6ms)

I think the dryrun parameter needs explicitly setting to false (boolean) or "false" (string), else the API controller assumes it's true.
